SUBJECT: Approval Letter: Design Review Approval for a 592-square-foot garage addition to an existing single-family residence located at 219 Price Way (DRDL22-00094)

The City of Folsom Community Development Department (CDD) has reviewed an application for Design Review of a 592-square-foot garage addition located at 219 Price Way. Please note that the ADU portion of the design on the plans is exempt from Design Review as it is less than 800-square-foot in size and less than 16 feet in height. The CDD has made the decision to conditionally approve the application based on the following findings:

- The project is compliant with the General Plan, the Zoning Ordinance, and all applicable Specific Plans;
- The project is in conformance with all applicable city-wide design guidelines;
- The project is in conformance with all applicable project-specific design guidelines and standards approved through the Planned Development Permit process or similar review process;
- The project provides compatibility of building materials, textures, and colors with surrounding development and consistency with the general design theme of the neighborhood.
- The project is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) under Section 15303 (New Construction or Conversion of Small Structures) of the CEQA Guidelines.

The project is subject to the following condition(s) of approval:

1. The proposal shall be in conformance with the submitted drawings and colors/materials board on file with the Community Development Department.
2. A Building Permit is required. Please note on the elevations of the plans submitted for a building permit that the exterior colors, materials and level of window trim of the addition shall match that of the existing residence.
3. If any protected trees, as defined in Chapter 12.16 of the Folsom Municipal Code, are to be affected by construction of the proposed project, a tree permit would be required.
