Community Development Director
APPLICANT'S PROPOSAL
The applicant, Coloma Food Inc., is requesting approval of a Conditional Use Permit (USPT22-00101) to operate a convenience market (Oak Wine & Spirits) within an existing 3,309-square foot commercial building located at 9580 Oak Avenue Pkwy. #3, within the Folsom Village Shopping Center. According to the attached project narrative (Attachment 6), the applicant is proposing to offer groceries, lottery tickets and alcohol. Alcohol sales are expected to be approximately 18 to 23 percent of gross sales. The market will be owner-operated with two to three employees. The applicant is proposing to mount surveillance cameras and monitors inside the premises. The applicant is asking to operate Monday through Sunday between the hours of 7:00 a.m. and 11:00 p.m. Existing on-site parking would be utilized. No exterior modifications to the building are proposed other than future installation of a wall sign.

POLICY/RULE
Section 17.60.010 of the Folsom Municipal Code states that the Planning Commission shall have final authority relating to the issuance of Conditional Use Permits for any of the uses or purposes for which such permits are required or permitted by the terms of this title. FMC section 17.22.030 states that convenience markets require issuance of a Conditional Use Permit in C-1 zone. FMC 17.60.020 states that application for a use permit shall be made to the Community Development Department in writing, on a form prescribed by the department, and shall be accompanied by plans and elevations necessary to show details of the proposed land use activities on the subject property. FMC 17.60.040 states that the Commission's findings shall be that the establishment, maintenance or operation of the use or building applied for will or will not, under the circumstances of the particular case, be detrimental to the health, safety, peace, morals, comfort and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood, or to the general welfare of the city.

GENERAL PLAN AND ZONING CONSISTENCY
The General Plan land use designation for the project site is NC (Neighborhood Commercial) and the zoning designation for the project site is C-1 (PD): Neighborhood Business (Planned Development). The Folsom Municipal Code states that convenience markets are a permitted use within a Neighborhood Business District zoning district (C-1) upon the issuance of a Conditional Use Permit by the Planning Commission. Therefore, staff has determined that the proposed use requires a Conditional Use Permit (CUP).

ANALYSIS
In order to approve a request for a Conditional Use Permit, the Commission must find that the "establishment, maintenance, or operation of the use or building applied for will
not, under the circumstances of the particular case, be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood, or to the general welfare of the City” (FMC, Section 17.60.040).

In reviewing this request for a Conditional Use Permit, staff took into consideration the proposed use and the compatibility of the proposed business in relation to surrounding land uses and businesses. The Oak Wine & Spirits establishment is proposed to be located within an existing commercial/retail space located at 9580 Oak Avenue Pkwy. #3. Existing uses within the Folsom Village Shopping Center include restaurants, retail, martial arts and ballet schools, a gym, professional offices, beauty salons, a bar and grill, a church and a grocery store. The closest residential use to the site within Folsom is located approximately 250 feet across Oak Avenue Parkway in the Canyon Falls Village subdivision and the nearest school is approximately 2,000 feet away. A residential parcel in unincorporated Sacramento County is located approximately 160 feet to the west of the business entrance.

Proposed hours of operation (Monday through Sunday, 7:00 a.m. to 11:00 p.m.) are compatible with those of existing businesses in the area, which are generally open Monday through Sunday between 8:00 a.m. and 9:00 p.m., with Starbucks and Fitness 19 opening at 5:00 a.m. and the Canyon Grill and Alehouse staying open until 11:00 p.m. on weekends. Condition No. 1 reflects the proposed hours of operation. Furthermore, there is no proposed entertainment or outdoor use associated with the business (which is prohibited by Condition No. 12).

Based on the commercial nature of the project area and the operational characteristics of Oak Wine & Spirits, staff has determined that the proposed use is compatible with the surrounding land uses and businesses and would not produce any additional impacts to nearby uses beyond any other business allowed by right in the C-1 zone. Planning staff consulted with the City of Folsom Police Department to determine if there are any potential issues associated with operation of the business as proposed. The Police Department does not have any safety-related concerns about the proposed operation of a convenience market as described by the applicant at the subject location. However, staff has proposed Condition Nos. 10 and 11 that require that signs be placed at the business informing patrons of the State’s age restrictions and identification requirements and prohibiting the possession of open alcoholic beverage containers and prohibiting loitering on or in front of the market.

Pursuant to Sections 17.60.050 of the Folsom Municipal Code, in any case where the conditions to the granting of a Use Permit have not been, or are not, complied with, the Planning Commission may revoke the permit after a public hearing on the matter. Therefore, the Oak Wine & Spirits Conditional Use Permit is subject to ongoing review by the Community Development Department to ensure that it does not result in adverse impacts to the community. If the Community Development Director finds evidence that conditions of approval for the Oak Wine & Spirits business have not been fulfilled or that
the use has resulted in a substantial adverse effect on the health, and/or general welfare of users of adjacent or proximate property or have a substantial adverse impact on public facilities or services or the general welfare of the City, the Director will refer the Use Permit to the Planning Commission for review. If, upon such review, the Planning Commission finds that any of the above-stated results have occurred, the Commission may modify or revoke the Conditional Use Permit following a hearing on the matter. Condition No. 2 is included to reflect this requirement.

Regarding parking, the existing private parking lot was approved as part of the Planned Development Permit for the Folsom Village Shopping Center and is shared with the other tenants of the center. Furthermore, the proposed use will retain the same commercial parking standard as a commercial use allowed by right, and therefore will not create additional parking demand beyond that of an allowed use. As such, adequate off-street parking currently exists on the project site for the proposed use.

Finally, signage for the proposed use is not included in this application. Signage is subject to FMC Chapter 17.59 and the Folsom Village Shopping Center sign criteria. Condition No. 13 is included to reflect this requirement. Furthermore, FMC Section 17.59.030(C) limits window signs to 25 percent of the total window area for each window and that total signage placed on any window may not include unused signage amounts allowable for other windows. Compliance with this provision will ensure that window sign clutter will not be an issue beyond any other business. Furthermore, the applicant has stated in their business description that they will use no more than 10 to 15 percent of the square footage of windows and clear doors for signage.

ENVIRONMENTAL REVIEW
The project is categorically exempt under Section 15301, Existing Facilities, of the California Environmental Quality Act (CEQA) Guidelines. Based on staff’s analysis of this project, none of the exceptions in Section 15300.2 of the CEQA Guidelines apply to the use of the categorical exemption in this case.

RECOMMENDATION
Staff recommends approval of the proposed project, based on the following findings and subject to the conditions of approval attached to this report.

PROJECT NARRATIVE

Request Approval for Conditional Use Permit
Oak Wine & Spirits
9580 Oak Ave. Pkwy. Suite #3
Folsom, CA 95630

Applicant, Coloma Food Inc. (Hardev Singh – President), respectfully requests approval of the CUP to allow the proposed convenience market to have an off-sale type 21 ABC license to sell beer, wine and spirits.

Regarding the location, this is Suite #3 in the Folsom Village Shopping Center. The approximate size of the store is 3,309 sf. There are many retail and commercial businesses in the shopping center such as a fitness gym, Dollar store, Star Bucks, several restaurants, and other retail establishments.

The applicant currently owns several stores in the Sacramento area and has 10 years of responsible retailing with several ABC Licenses with no ABC violations or any city, county, building or health department violations.

The applicant will offer a variety of products for the local community ranging from pet food, paper towels, snack foods, sandwiches, dairy products, laundry detergent, canned foods, Lottery, hot coffee, and other sundries.

The applicant will put in place a higher end store with oak cabinets and shelves and will carry high end whiskeys and other upscale selections of spirits to offer the discerning patrons of the area. The distilled spirits will be securely located behind the clerk’s counter and will only be accessible by the store clerk. The store features wider aisles for comfort as well as addressing ADA. The shelves are lower for ease of shopping and security reasons. The store is clean and bright and offers an entirely quick and comfortable one stop shopping experience.

Proposed total alcohol sales are expected to be approximately 18-23% of gross sales and will be a moderate but integral part of the business.

The market will be owner operated with 2-3 employees and the owner will be present several times a week.
The owner's commitment to responsible retailing is of the utmost importance and has established the following:

1. Mount surveillance cameras and monitors inside the premises.

2. Post a notice that California state law prohibits the sale of alcoholic beverages to persons who are under the age of twenty-one (21) years and no such sales will be made.

3. If requested by the city, owner will post and maintain a professional quality sign stating, "No open alcoholic beverage containers are allowed on these premises." and "No loitering is allowed on or in front of these premises."

4. Ensure that no more than 10-15% of the square footage of the windows and clear doors will bear advertising or signs of any sort, and all advertising and signage shall be placed and maintained in manner that ensures that law enforcement personnel have a clear and unobstructed view of the interior of the premises, including the area where the cash register will be maintained, from the exterior public sidewalk or entrance area.

5. The parking lot of the premises is equipped with lighting of sufficient power to illuminate and make easily discernible the appearance and conduct of all persons on or about the parking lot area.

6. All areas under the control of the owner will be swept and cleaned, on a daily basis to control debris.

7. The owner will comply with any request by the Folsom Police Department or Department of ABC to ensure there are no issues or nuisances.

The inherent motivation for shopping at a convenience market is the expectation of an easily accessible location, facilitating a quick stop for a typical commuter – effectively eliminating travel to a larger regional
shopping center or chain grocery store. And while the neighborhood market is part of a larger shopping business area, customers will enjoy certain conveniences in patronizing the market for all purchases:

- Shorter walks from vehicle to store. Eliminating a pedestrian trek through a congested parking lot typically associated with big-box retailers or grocery stores.

- Easier access and selection; customers experience a shorter walk to access beverage coolers and make a selection than typical of larger retailers that sell alcohol beverages - where coolers and other products are often located in the rear of the store, away from the main entrance.

- Faster transactions; typically, shorter, faster moving checkout lines than larger retailers.

- More access; our market will have more shopping hours available to purchase convenience items.

**Security:**

The owner and employees will be vigilant about patrolling the exterior area and parking lot for debris, loitering and anything else. There will be (12) closed circuit video surveillance cameras monitoring the cash register area and inside of the premises and (4) more surveillance cameras on the exterior to create comprehensive coverage. Live monitors will be located within the store and in full view for all employees and patrons.

The store will have a cash drop box for quick deposits of store funds so the cash register will never have an excessive amount of money.

**TRAINING**

All employees, if not already, will be formally trained via ABC's LEAD training program.
An ID POS Scanner will be used for all alcohol and tobacco purchases and anyone exhibiting the symptoms of being intoxicated will be denied any alcohol sale.

**Consideration / Sensitive Points**

The nearest resident is approximately 300’ away. And the nearest school and park are approximately 2,000’ away and no other consideration points are within the vicinity of the premises.

**Hours of Operation**

The store hours of operation will 7:00 am to 10-11pm

**Census Tract & Crime**

According to ABC data, the store is located in Census Tract 82.09 which allows 2 off-sale licenses; there are currently 2 off-sale active licenses. One is 1.6 miles away and the other is 3.3 miles away.

ABC has not provided any crime stats for the district.

**ABC**

The ABC application is underway and ABC is conducting its investigation.

**Zoning**

The store is consistent with the underlying commercial zoning and the applicable land use plans and policies in affect for the location.

The applicant is in an area that is commercial and he believes that the store can offer a great convenience to the nearby public.

Thank you for your consideration of this application for a CUP.

Please feel free to contact my consultant John Sutton – 916-337-3028 with any questions, comments or meetings.
Sincerely,

Hardev Singh - Owner

Re: Agenda Totally LACKING Signed/Sealed City Engineer Report & Recommendations
Re: DISTRIBUTION is necessary [by staff] of Previously Submitted Analysis of BOTH PN 21-322, and non-existent "USPT22-00101"
Context: agenda LACKs Mandatory Legal Information under State and Federal Laws. Worse yet, agenda pretends in writing that the PC citizen members have "POWERS" to Subdivide Land, REZONE land, and FAIL to REPORT such contemplated Changes of Value/infrastructure/Area impacts, to Sacramento County Legal Authorities who Record such Actions.
In sum, this "document" is an insult to Law & Order Enforcers, such as Prof. Lic. Engineers.
As City Engineer Documents subject of my PRA Requests have NEVER been provided, don't know who has that Title at this time.

The PC and city Dev. Staff are NOT engineers, and Have Zero Authority to Make Legal Decisions such as EXEMPTIONS from CEQA. In ONE case, there is a Potential Change of Land Use behind a Subdivision Map Action.
PC has NO legal Authority to make such decisions, and staff are Misleading them in a rather obvious potential Malfeasance Practice/Policy.

If our elected and appointed "leaders" and their chosen staff perpetuate this again, they are Accountable under Multiple Sections of State Laws. Not the least is the Subdivision Map Act, Govt Code 65000 et seq, B&P, and many more.

Act at YOUR OWN PERIL should be at Top of ALL Signed & Sealed Reports delivered to private citizens appointed to conduct Public Hearings and to HEAR and HEED Objections.
Previously an expert analysis of the rather preposterous Public Notice on Agenda for "USPT22-00101" which is clearly IN direct Violation of State Laws and is NOT a legally enacted "Planned Unit" nor C PD Zone. It is clearly a General Plan Commercial Neighborhood Usage -- and does not have any Right to be at this extremely dangerous intersection of TWO Killer Folsom "city Streets" -- including the Substandard "Folsom Lk Crossing STREET" where horrific deaths continue to occur.

How can private citizens, city Licensed Professionals, and employees, consider themselves ABOVE Responsibility for Obeying & enforcing laws. They hold PUBLIC HEARINGS.

**Expert Analysis was submitted for BOTH these PN 21-322 and USPT 22 -00101**
folsom.ca.us SEARCHRESULTS --- NOTHING
Disregard FORWARDING these documents to City Engineer and Traffic Engineers, and PW Director --- at your OWN PERIL.
Disregard CA and Federal Laws at your own peril.

Ask what the heck is a "USPT 22 001012"
Is this willful continued Obfuscation of Public Documents?
Is this some sort of confusing FEDERAL classification?
It does have a Huge Impact on Federal Agency Assets and Employees.

To: FOlsom Dev. top "manager", what does Prof. Lic. Engineer Under YOU, have in his signed/sealed Eng. Report for both of these?
How can you dare to ignore the state and federal laws?
**Who TOLD you this city can Over-Ride higher Laws thusly?**

Please answer, because it's time to File formal Complaints in pursuit of
ENFORCEMENT of these Objections by a proper Authority.

63 dead innocent people, who died on city property --- is ENOUGH.
