

10 WARNING SIGNS OF ALZHEIMER'S + HELPING KEEP YOUR LOVED ONES SAFE

Education programs presented by the Alzheimer's Association and the Folsom Police Department

10 Warning Signs of Alzheimer's

What to watch for in yourself and others

Alzheimer's causes changes in memory, thinking and behavior that are not normal aging.

Join us to learn about:

- » The difference between normal aging and Alzheimer's.
- » Common warning signs.
- » The importance of early detection and benefits of diagnosis.
- » Next steps and expectations for the diagnostic process.
- » Alzheimer's Association resources.

Helping Keep Your Loved Ones Safe

The Folsom Police Department offers programs to assist families and caregivers of individuals with Alzheimer's disease, dementia, or other intellectual or developmental disabilities that may make them likely to wander from caregivers or have difficulty communicating with first responders. Our goal is to provide up to 150 Folsom residents with our free and low-cost location assistance programs and devices: H.E.L.P. (Help Every Lost Person), Project LifeSaver, Vitals Aware Services, and Ring video doorbells. Also, Nixle emergency alert notification system.
