**Date/Time of Occurrence:** October 27, 2022 – 04:26 a.m.  
**Type of Incident:** Residential Structure Fire  
**Location:** 1807 Ruan Ct., Folsom

## **RESIDENTIAL STRUCTURE FIRE**

FOLSOM, CA- Firefighters from the Folsom Fire Department with assistance from Sacramento Metropolitan Fire District and the El Dorado Hills Fire Department responded to a structure fire in a residential home located on Ruan Ct. in Folsom. A total of four engine companies, two truck companies, one paramedic ambulance, and two chief officers were dispatched to the scene.

Fire crews responded to reported heavy smoke from a residence in the area. While enroute to the fire, fire crews saw significant fire from a distance and confirmed a working fire.

Firefighters from the Folsom Fire Department arrived to a large two-story residence that was under construction and well involved in fire upon arrival. Fire crews attacked the exterior fire, with the priority of limiting fire extension to neighboring properties from fire and radiant heat damage. Due to the extent of the fire damage upon arrival, and the compromised structural integrity of the home, crews were directed to attack the fire with multiple hose lines from the exterior as well as aerial master streams. Folsom CERT members responded and provided support to firefighters at the scene and remained at the scene to provide fire watch and site security following the fire.

There were no occupants in the structure. The cause of the fire is currently under investigation. No injuries were reported.
