1.0 INTENT AND PURPOSE

This Uniform Sign Program is established for the purpose of assuring high quality tenant signage. All signage shall be designed and constructed to compliment the project architecture.

This document describes the acceptable types of signs, materials, localizations, and sizes. Signs are non-illuminated. Renderings, drawings, and shop drawings contained in these guidelines are included for illustrative purpose only and are intended to aid the Tenant in complying with the Design Criteria.

1.1 Interpretation and Compliance: As administrators of the tenant sign criteria, the Owner/Landlord is the final arbiter of criteria compliance. These guidelines are to be approved by the City of Folsom and all signage must receive appropriate City issued signage permits before being fabricated or installed.

If ownership should change for all or part of the project and/or the retail tenant spaces, the guidelines herein established shall remain applicable and in force under new ownership. Should the new owner wish to amend these guidelines, it shall submit such proposal to the Planning Department of the City of Folsom for approval.

2.0 DEFINITION OF TERMS

3.1 Tenant to submit drawings showing sizes and location to Owner/Landlord.

3.2 Owner/Landlord shall review designs and either approve, approve with corrections, or deny application within 21 calendar days of receipt of application.

3.3 If application is denied, tenant shall review reasons for denial and then revise their application to address the Owner/Landlord’s concerns and resubmit the application.

3.4 Once approval is granted by the Owner/Landlord, tenant may then proceed with their sign permit application to the City.

3.5 Signage installed without Owner/Landlord and City approval will result in the removal of signage at Tenant’s sole expense.
