ACTION ITEM 7A
Parks and Recreation Commission
April 12, 2023

TO: Parks and Recreation Commission

FROM: Lorraine Poggione, Parks & Recreation Director

BY: Marcus Yasutake, Environmental and Water Resources Director

SUBJECT: Nomination of up to Two Parks & Recreation Commissioners to the Stakeholder Group for the City's Water Vision Planning Process

BACKGROUND

The Environmental and Water Resources (EWR) Department develops the City's Urban Water Management Plan, and this plan is updated every five years. On June 8, 2021, the Folsom City Council approved Resolution No. 10643 adopting the City's 2020 Urban Water Management Plan (UWMP) and Water Shortage Contingency Plan. All urban water suppliers, either publicly or privately owned, serving municipal water to 3,000 customers, or supplying more than 3,000 acre-feet annually, are required to prepare an UWMP. The UWMP is required for an urban water supplier to be eligible for California Department of Water Resources (DWR) state grants, loans, and drought assistance.

The UWMP has been used as the primary water supply planning document for the City. The 2020 UWMP identifies the City's water supplies and demands in five-year increments to the year 2045. In an effort to develop more reliable, resilient, and sustainable water supplies for the City, EWR staff is recommending a Water Vision planning process to evaluate water supply alternatives to meet customer demands during drought or infrastructure outages, and to consider water supply impacts due to climate change. The goal is to evaluate the adequacy and reliability of the City's water supplies and to develop City Council policy to provide long-term guidance for managing these supplies.

At the February 28, 2023 Council meeting, the City Council directed staff to include up to two Parks and Recreation Commissioners as part of a future Stakeholder Group for the Water Vision planning process.

DISCUSSION

The intent of the Water Vision is to initiate a City-wide discussion and an opportunity for public participation in the planning of Folsom's future water supply. This effort will also include regular discussions with the Utility Commission during their regularly scheduled Utility Commission meetings and City Council as needed. EWR is recommending the development of a focused stakeholder group consisting of 15-20 members of the community. EWR proposes the program

contents below that would be presented to the stakeholder group and the public in various workshops for public comment, feedback, and discussion.

- City water supplies and contracts.
- City's current and future water use.
- Statewide landscape regarding water usage.
- Potential threats to the City's water supplies.
- Opportunities for water supply reliability, resiliency, and redundancy.

The following identifies the objectives of Folsom Water Vision.

- Develop reliable, resilient, and sustainable water supply opportunities.
- Provide the opportunity for public participation and education related to the City's water supplies.
- Develop a targeted stakeholder group to provide feedback on the development of goals, objectives, and water supply opportunities.
- Update the Utility Commission and City Council during the process of developing the City's Water Vision.
- Develop a City-wide Water Vision based on City Council policy and direction.

Below is a potential list of participants for the stakeholder group. Staff recommends that no more than 20 participants be included.

- Utility Commissioner(s).
- Planning Commissioner(s).
- Parks and Recreation Commissioner(s).
- Folsom Cordova Unified School District representative.
- Folsom Lake College representative.
- Medical field representative.
- Choose Folsom representative.
- Environmental interest representative (Sierra Club, ECOS, Friends of the River).
- Citizen groups.
- Aerojet/Rocketdyne representative.
- Development Community representative.
- Large water user representative (Intel, Kikkoman, Gekkeikan).
- Landscape community.

Staff anticipates that the City will issue a Request for Proposals to facilitate stakeholder involvement, to evaluate current and future water supplies and demands from the City's 2020 UWMP, to develop water supply planning objectives, analyze the City's water supplies and demands under climate change conditions to identify water shortages, if any, to develop and analyze future water supply portfolios, and to develop an implementation strategy based on policy direction from City Council.

FINANCIAL IMPACT

There is no financial impact to the Parks and Recreation Department.

RECOMMENDATION

The Environmental and Water Resources Director requests the Parks and Recreation Commission recommend up to two Parks and Recreation Commissioners to participate in the stakeholder group for the City's Water Vision and community engagement process.

Submitted,

Marcus Yasutake, Director

I. Notable Achievements & Services

- The Sierra Marlins continue to utilize the Steve Miklos Aquatic Center and the Vista Del Lago High School pool on a year-round basis.
- FCUSD swim teams continue to practice at the Vista Del Lago High School pool.
- Southwest Age Group Regional Swim Championships were held at the Steve Miklos March 23 – 26. Swimmers from all over the Western United States competed in this premier USA age-group swimming event.

I've been going to my daughter's swim meets for almost 10 years. From rec league to national meets. The SWAGR meet we hosted this last weekend had the BEST energy of any meet I have ever attended! Super well organized, great attendance, fast swimming, and almost 700 athletes and their families having a blast.

This was a huge success for the Marlins. Thank you so much to all the Marlins Coaches, Swimmers, and Volunteers who made it happen. Literally thousands of hours of work. Thanks to all of you who contributed to this really special team accomplishment.

III. Progress on Key Projects

Western Water Features completed construction of the new LED scoreboard. Scoreboard funding providing through a combination of ARPA, City of Folsom, and a donation of \$30,000 from the Sierra Marlins

IV. Significant Training / Recruitment Accomplishments

Recreation Coordinator II Scott Seeba will be attending the annual CPRS conference in San Diego Ca., April 4 – 7, 2023. This annual conference provides beneficial networking and idea sharing with fellow statewide professionals. Conference helps to stimulate new ideas while reinforcing best practices with facility operations.

Recreation Coordinator II Nicole Lowery has accepted a position as a Recreation Supervisor II with the Cordova Recreation and Park District. Nicole has provided GREAT service to the City of Folsom, and she will be missed. Recruitment for replacement closed March 28, 2023, and interviews will be held April 20. New Coordinator II will split duties between Sports & Aquatics.

Summer group interviews were held on March 15, 22 and scheduled for April 5. Currently 57 returning staff have been processed for employment, while 34 new employees have been hired. We anticipate hiring another 30 lifeguard/swim instructors before the start of our summer season.

Community Facilities

- The Community Center hosted 55 rentals during the month of March which included the annual Folsom Quilt Show.
- The Robert H. Miller III Rotary Clubhouse hosted 24 rentals during the month of March.
- In February and March, the Rotary Clubhouse underwent a major restoration project as it was heavily damaged by a bursting pipe in late January. The restoration is nearly complete, which allowed for a large increase in rentals this month.

Gallery and Art Classes

- A milestone has been reached with the current Art Specialist staff accepting the full-time position of Recreation Coordinator overseeing the existing art classes and gallery programs at the Art Center. This position has been a part-time status for nearly 20 years. We are looking forward to increased productivity in arts programming.
- Staff are now busy coordinating the summer schedule of art classes including over 25 classes and 53 sections in programs for the summer including drawing, painting, photography, ceramics, dance and more for ages six to adults.
- The Gallery at 48 Natoma was open for the weekend of the Folsom Quilt and Fiber Guild Show. Even though the weather was very stormy, a lot of people came

Youth Services

- Fun Factory and Kindergarten Readiness preschoolers had an excellent month of March! As the school year is beginning to wind down, we have seen our students progress and really come into their own as some of them prepare to head off to Kindergarten next school year.
- All five of our classes enjoyed celebrating St. Patrick's Day – and one of our classes even had a leprechaun come into their class and get into a little mischief! The kiddos made a trap – but darn it, that cheeky little leprechaun managed to dodge it and get away! 😊
- The classes at the Sports Complex enjoyed a visit from the Library's own, Miss Debbie. It was a fun session of singing, dancing, of course reading.
- The preschool teachers are always putting together new and exciting centers for their students to explore, learn, and have loads of fun. The kids in Kindergarten Readiness got to care for (stuffed) animals in their very own Animal Hospital!

Social Media and Special Events

- *15 photos and *2 videos were released in March with a monthly reach of *11.8K+ and *3.9K+ post engagement, and *4.3K+ video views. *9 Instagram/Facebook Stories were posted with *1.9K+ unique account views
- One new event campaign was launched in March for the upcoming Summer of Music Concert Series.
- Promotions continued during the month of March for the upcoming Festival of Eggs and 9th Annual Love my Mom 5K events.

III. Progress on Key Projects

- **Folsom Blvd Class I Overcrossing Feasibility Study Report (FSR)**

Project Description: The objective of the FSR is to consider possible alternatives for establishing an east-west gap closure across Folsom Boulevard and the feasibility for its implementation. The City is currently considering a Class I multi-use overcrossing at an undetermined location between Blue Ravine Road and Glenn Drive. The connection must be safe, convenient, and cost-effective.

Request for Proposal (RFP) Date:	August 2022
Consultant Award Date:	November 2022
Start FSR Process:	December 2022
ATP Completion:	October 2023

March Activity: Project team held the project's first Focus Group meeting on March 21, 2023. The meeting had a turnout of approximately 17 stakeholders. The project team received many informative comments from the various stakeholders. The next project event will be the Community Outreach Questionnaire. The Questionnaire will be available online from April 24 – May 12, 2023.

January – February Activity: Project team is preparing for our first Focus Group meeting in mid- to late-March.

November – December Activity: Project team held a kick-off meeting in December. Project site visit meeting is scheduled for January 25, 2023.

- **Active Transportation Plan (ATP)**

Project Description: The new Active Transportation Master Plan (ATP) for the City will combine the master plans for both the pedestrian and bicycle facilities citywide. The ATP will guide the planning, development, and maintenance of existing and future bicycle and pedestrian facilities within the city, including recommended citywide active transportation network improvements and Safe Routes to School.

Request for Proposal (RFP) Date:	January 2020
Consultant Award Date:	February 2020
Start ATP Process:	August 2020
ATP Completion:	June 2022

Final ATP:

- Parks Commission Adoption Recommendation June 7th
- City Council Adoption June 14th

- **Mangini Ranch Trails**

Project Description: The project consists of the design/engineering and construction of approximately three miles of new Class I multi-use trails in the Folsom Plan Area (FPA) Mangini Ranch development. This project meets the City's goal of developing recreational facilities in the FPA Mangini Ranch development and helps make the new residential and commercial developments a community of choice for living, working, and enjoying leisure activities. The three miles of trail segments provides a much-needed multi-use trail in the FPA Mangini Ranch development to support the residential developments being constructed.

Request for Proposal (RFP) Date:	June 2021
Consultant Award Date:	September 2021
Start Design Process:	December 2021

January – February Activity: Staff expects to have 100% completed plan set in mid- to late-March. Next step would be to go out to bid most likely in April/May.

November – December Activity: Staff provided comments back to the consultant on the 75% plan set. Staff expects to have 100% completed plan set in March. Next step would be to go out to bid most likely in March/April.

October Activity: Staff is in the process of reviewing the 75% complete design plan set. Comments will go back to the consultant in early November.

- **Folsom-Placerville Rail Trail**

Project Description: Design and construct approximately 1.6 miles of 12'-wide Class I Bike Path on the north side of East Bidwell Street from the Humbug-Willow Creek Trail to Iron Point Rd. The gap closure project will provide a continuous and safe corridor for bicyclists and pedestrians, connecting residents to community destinations. The corridor also serves several local schools and parks, as well as to other local bike and walking paths. Because of its widespread benefits, this project has been identified as a high priority project in the City of Folsom Active Transportation Plan, adopted in June 2022. Project completion would result in a gap closure of a trail that was identified as part of SACOGs Regional Trail Network.

The project currently has committed funding and an executed design/engineering consultant contract to complete the Environmental Phase and Preliminary Engineering for plans developed to a 30% level of completion. The project is seeking an additional funding request with local match to complete the Design/Engineering (PS&E) phase of the project, with plans developed to 100% level of completion, and fully fund the Construction (CON) phase.

Request for Proposal (RFP) Date:	Summer 2023
Consultant Award Date:	Summer 2023

March Activity: Staff is working with the design team to complete the design in Summer/Fall 2023. Staff expects to be under construction in early 2024.

January – February Activity: Staff was informed that our SACOG Regional ATP grant application was going to be approved for funding. The grant request would fully fund the project for design/engineering completion and construction. The project grant application was recommended for approval at SACOGs Transportation Committee meeting on March 2, 2023. SACOG Board approval meeting is scheduled for March 16, 2023.

- **Trails Wayfinding**

In June, staff worked with high school interns to identify locations for wayfinding signage along the more than 15 miles of the Humbug Willow Creek Trail corridor. Staff is refining the locations over the next several months.

- **Trails Naming**

Staff is currently working on naming the more than 50 miles of trails north of Highway 50 and the 30 miles of future trails in Folsom Plan Area (FPA). Staff held a kick-off meeting with the Auburn Rancheria earlier this year to assist the City with trail naming.

- **Trails Grant Applications**

1. California Natural Resources Agency Prop 68 Per Capita Program: On May 28, 2019, the City submitted a Per Capita Allocation Questionnaire that opted the City into the Per Capita Allocation grant program. On June 24, 2020, OGALS announced that the Per Capita allocation for the City of Folsom was \$177,952. In addition to the allocation, the City also received \$47,963 in Urban County Per Capita funds. The total Per Capita Allocation for the City is \$225,915. With the required 20% match of \$45,183 the City will have **\$271,098** to utilize on eligible capital outlay projects(s). Staff held a Planning and Development Subcommittee meeting on September 30, 2020, to recommend project(s) to the full commission. The subcommittee

recommended using the grant funding on renovation and new amenities at Ed Mitchell Park. At the October 6, 2020 Parks and Recreation Commission meeting, commissioners voted in favor of using the grant funding money on Ed Mitchell Park renovation and new amenities. Next step in the process is for staff to submit an application for the selected project(s) to (OGALS) for approval.

Staff submitted the Per Capita Grant Application in December 2021 to receive authorization to move forward with the proposed improvements to Ed Mitchell Park. Currently, about half of the improvements have been completed.

Subject: Folsom City Zoo Sanctuary Monthly Report for March 2023

I. Notable Achievements & Services

- April and May are the busiest months for school tours. All Thursday and Friday tour spots are currently full. The Zoo is temporarily opening just for tours on Wednesdays to accommodate more groups during the busy season.

III. Animal Updates

- Zookeepers continue to work with raccoon, Bernie, to practice voluntarily crating in preparation for her upcoming veterinary procedure. She is rewarded with grapes and kibble.
- Mountain lion, Flash, is now willingly accepting weekly injections of Adequan to help with her arthritis. She is rewarded with rats and meatballs.
- Goffin's cockatoo, Pogo, is receiving additional training sessions with his zookeeper. He is rewarded with nuts and verbal praise, which he enjoys even more than the nuts!
- Wolf hybrid, Draco, had his annual vet procedure and all went well.
- Geoffroy's cat, Xeno, was rescued from the Exotic Feline Breeding Compound's Feline Conservation Center in southern California which had to close and place all of their animals. He is now on exhibit at the front of the Zoo. Geoffroy's cats are native to South America and were named after the French naturalist Geoffroy St. Hilaire. They have the unusual ability to stand on their hind legs while using their tail for balance. Xeno is acclimating well to his new exhibit.
- Macaques, Kayli and Wallace were anesthetized for their physical exam. A veterinarian from the UC Davis primate center volunteered to help with the procedures and she stated that both monkeys were in excellent physical condition. She was impressed with their body condition despite being elderly. They have very little arthritis and are at an excellent weight.
- Amazon parrots, Andy and Luther, were caught up for veterinary procedures.

IV. Progress on Key Projects

- The part-time grounds team spent time making multiple improvements to exhibits including painting, weed whacking, and adding decomposed granite in various locations.
- Facilities Maintenance assisted with various projects including:
 - Coordinating with Alexander Fence to install Zoo mesh on the great horned owl exhibit and the barn owl exhibit.
 - Fixing issues with animal heaters.
 - Repairing roof leaks.

V. Participation in Community Activities

- Volunteer docents and part time zoo staff attended a career day for 7th and 8th grade students at Loomis Grammar School. They presented various job opportunities within the zoo field.

VI. Upcoming Zoo Sanctuary Events

- Starting May 1, the Zoo will open an hour earlier due to the heat. Hours will adjust to 9 a.m. to 3 p.m. through September 30.

VII. Significant Training / Recruitment Accomplishments

- Staff are currently recruiting part time camp counselors for summer zookeeper camp.
- New part-time guest services and grounds staff were recently hired to replace those who have resigned due to moving to another state, getting other jobs and health issues.

VIII. Statistical Data:

- The zoo is currently open to the public Thursday, Friday, Saturday, and Sunday from 10 a.m. to 4 p.m.
- March ticket booth revenue and attendance: \$53,284 and 9,139 visitors.

Director's Items:

This is my last meeting with the P&R Commission. I'm sad and happy at the same time.

I started with the City in October 2001 and became a permanent employee on April 29, 2002. I was the Landscaping and Lighting District Manager up until October of 2018 when I became the Director of Parks and Recreation. Making my official full-time service with the City, 21 years, almost to the day.

I am blessed to have been part of a community that allowed me to lead, grow, learn, and make a difference in people's lives. My early years at the City were filled with rapid growth, quick learning curves and think-on-your feet requirements as the City was growing quickly.

When I was afforded the opportunity to be the Parks and Recreation Director, I couldn't wait to learn more and serve at a higher level. My first year was getting my sea legs- learning about our programs, meeting with the permanent and part-time staff, visiting our sites and buildings, and understanding my place. The learning experience was unfolding nicely and methodically. Then 18 months into the role, the Pandemic arrived. The nice, tidy, and almost “controllable” environment was rocked, rolled, and then very blurry. Within hours, it was all hands on deck for the Directors to canvas our current operations, programs, and services and basically stop what we were currently doing, unless it was

essential. Grant it, in March of 2020, our next year's budget preparation had already been completed for City Manager review. So not only was there a ton of momentum for what we were currently doing, we already had proposals and plans for how we would continue to grow and make a difference in the community for the upcoming year.

The Pandemic taught me a lot. I realized that many of my "known" skills are definitely transferrable. I leaned into all the requests asked of me. Many key staff were sent home leaving only a handful of us to orchestrate and implement new policies, guidelines, and practices.

Coming out of the Pandemic has been a relief. It's allowed the Parks and Recreation team to blossom, innovate, create, and engage with our community, more than ever. We really missed that day-to-day engagement. There's been a re-birth of programs, services, and operations that have changed for the better through efficiencies and enhancements.

Notwithstanding the Pandemic, the Parks and Recreation team continued to make a difference with many amazing contributions and recognitions. Since 2020, our Department has received the following:

Folsom Parks and Recreation Awards

2020 Sierra Chapter American Society of Landscape Architects – "Parks and Open Space" award for Broder Family Homestead Park

2020 APWA Design Award for the Oak Parkway Trail Undercrossing Project

2022 Outstanding Professional Award to Tim O'Shea from California Association of Parks and Recreation Commissions and Board Members (CAPRCBM)

2020 CPRS District II – Facility Design & Park Planning Award – Broder Family Homestead Park

I am so proud of the Parks and Recreation Staff and all that they stand for and do. Not many people get to oversee a zoo, sports complex, aquatic center, senior center, art gallery, toddler, teen, and adult programs, landscaping, lighting, open space, parks and trail planning, and city-wide facilities. The residents of the City of Folsom are fortunate to have such professional and talented partners in the community. I am forever grateful to the staff for standing by me as we bobbed our way through the early years, Pandemic years, and now the almost “normal” years.

I thank our past and current P&R Commissioners for their support and respect, too. The City is fortunate to have citizens, such as our Commissioners, willing to devote their time, expertise, and resources to the Department and Community.

With all my heart, I thank each of you for your smiles, advice, mentorship, and trust.
