

Folsom Municipal Code Chapter 3.50 Modifications

- **FMC Chapter 3.50: Fee and Service Charge Revenue/Cost Comparison System**
 - Intent of chapter is to “require the ascertainment and recovery of costs reasonably borne from fees and charges levied therefor in providing the regulation, products or services hereinafter enumerated in this chapter.”
 - Chapter includes specific fee-based services, specific cost recovery percentages and review schedules
 - Based on cost control study from 1987
 - Outdated list of services provided and review schedule
 - New laws now address cost recovery

Proposed Code Amendments

- Removes outdated schedule of fees and service charges table
- Removes percentages of costs reasonably borne by the City
- Recommends 100 percent cost recovery but allows flexibility
- Puts City Council and City Manager in control of schedule for fee reviews and updates

Effects of Proposed Changes

- Establishes guidelines for all future fee changes
- Encourages full cost recovery but allows flexibility if warranted
- Allows flexibility in frequency of review
- Puts Folsom in line with other jurisdictions

May 28, 2024 – Second Reading and Adoption Hearing
