PROJECT PLANNER Josh Kinkade, Assistant Planner

BACKGROUND
The existing building located at 815 Sutter Street includes multiple retail spaces along Sutter Street, including a jewelry store, barber, hair salon, day spa, candy store, gift stores, a wine tasting room and small boutiques. The tenant space that is proposed for this business is an internal space that does not front Sutter Street.

APPLICANT’S PROPOSAL
The applicant, Jeff Rempfer, is proposing to operate a wine tasting room in a 500-square-foot internal tenant space located at 815 Sutter Street #A. The floor layout features a front and back bar and seating. The business will operate as a wine tasting room with retail wine sales and wine tasting by the glass. Pre-packaged food snacks would also be available for purchase. Non-amplified acoustic would also be played inside the space approximately once per month. Proposed days and hours of operation are Thursday through Saturday from 1:00 p.m. to 8:15 p.m., although minor fluctuations of these hours are anticipated depending on business flow.

PROJECT ANALYSIS
General Plan and Zoning Code Consistency
The General Plan land use designation for the site is CA (Specialty Commercial). The Zoning designation for the project site is HD/SUTR (the Historic District/Sutter Street Subarea). FMC Section 17.52.510 states that uses which would require a conditional use permit from the planning commission in the modern central business district (C-2 zone) require a conditional use permit from the historic district commission in the Sutter Street Subarea. A Conditional Use Permit is required for wine tasting rooms in the C-2 zone when the commercial structure is located five hundred feet or more from a residential use and one thousand feet from the property line of any public or private school. As the proposed wine tasting room is less than 500 feet from a residential use, it is therefore subject to approval of a Conditional Use Permit. The proposed wine tasting room is
consistent with the General Plan and the zoning designation upon approval of a Conditional Use Permit by the Historic District Commission.

**Conditional Use Permit**

In order to approve this request for a Conditional Use Permit, the Commission must find that the “establishment, maintenance, or operation of the use or building applied for will not, under the circumstances of the particular case, be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood, or to the general welfare of the City.”

In evaluating the Conditional Use Permit, staff considered the proposed use and its compatibility with existing land uses in the area relative to traffic/access/circulation impacts, parking impacts, noise impacts and visual impacts, among others.

With respect to traffic/access/circulation and parking-related impacts, staff does not anticipate any significant impacts as the proposed use is very limited (500-square-foot retail space with minimal food and entertainment component/minimal vehicle trips) in nature. As is typical for commercial properties in the Sutter Street Subarea, the existing public parking will be utilized for this establishment.

In relation to noise-related impacts, staff does not expect any significant impacts due to the fact that the proposed use does not include any outdoor component. Furthermore, given the proposed use and hours of operation, staff has determined that the noise generated by the patrons and occasional acoustic music is not likely to adversely impact the single-family properties south of the rear alley during typical night-time sleeping hours. In addition, Section 17.52.510 of the Folsom Municipal Code recognizes that residential uses located within the Sutter Street Commercial Subarea are expected to tolerate greater impacts from commercial uses than residential uses located in the residential subareas of the Historic District. It is staff’s conclusion that the potential noise generated by the wine tasting and sales will not pose significant adverse impacts to nearby residents. In addition, conditions have been added prohibiting outdoor activity and limiting entertainment to acoustical musical performances (Conditions #11 and #12).

The proposed use will require the issuance of an alcohol beverage license. While the applicant is only requesting the business be open Thursday through Sunday from 1:00 p.m. to 8:15 p.m., staff has proposed that the conditions allow it to be open Monday through Sunday from 12:30 p.m. to 9:00 p.m. to allow for the potential for the business to be open every day, and to allow for anticipated minor fluctuations in business flow (Condition #10).

**ENVIRONMENTAL REVIEW:**

The project is categorically exempt from environmental review based on Section 15301 (Existing Facilities) of the guidelines for the California Environmental Quality Act (CEQA).
STAFF RECOMMENDATION/HISTORIC DISTRICT COMMISSION ACTION:
MOVE TO APPROVE A CONDITIONAL USE PERMIT (PN 17-189) FOR
OPERATION OF THE “WINE @ 815” WINE TASTING ROOM WITH THE
FOLLOWING FINDINGS AND CONDITIONS OF APPROVAL:

GENERAL PROJECT FINDINGS

A. NOTICE HAS BEEN GIVEN AT THE TIME AND IN THE MANNER REQUIRED
   BY STATE LAW AND CITY CODE.

B. THE PROJECT IS CONSISTENT WITH GENERAL PLAN AND THE ZONING
   CODE.

CEQA FINDING

C. THE PROJECT IS CATEGORICALLY EXEMPT FROM THE CALIFORNIA
   ENVIRONMENTAL QUALITY ACT (CEQA), UNDER SECTION 15301,
   EXISTING FACILITIES.

CONDITIONAL USE PERMIT FINDING

D. AS CONDITIONED, THE ESTABLISHMENT, MAINTENANCE OR
   OPERATION OF THE USE APPLIED FOR WILL NOT, UNDER THE
   CIRCUMSTANCES OF THIS PARTICULAR CASE, BE DETRIMENTAL TO
   THE HEALTH, SAFETY, PEACE, MORALS, COMFORT, AND GENERAL
   WELFARE OF PERSONS RESIDING OR WORKING IN THE
   NEIGHBORHOOD, OR BE DETRIMENTAL OR INJURIOUS TO PROPERTY
   AND IMPROVEMENTS IN THE NEIGHBORHOOD OR TO THE GENERAL
   WELFARE OF THE CITY, SINCE THE PROPOSED USE IS COMPATIBLE
   WITH SIMILAR COMMERCIAL USES IN THE SURROUNDING
   NEIGHBORHOOD.

Proposed Project Description
Staff,

We are proposing a multi winery tasting room located at 815 Sutter St. Our plan is to offer customers the experience of tasting wines from 3 different wineries in one location. Each winery will have its own payment system and will be separate from mingling fees and costs between them. We will be offering a tasting which have a tasting fee to sample. We will also be offering wines by the glass/bottle with pre packaged small bites available for purchase. We will also be offering bottles for purchase to take. Our proposed hours of operation would be Thursday through Sunday from approximately 1pm to 8:15pm. These house may be slightly increased or decreased depending of traffic flow. We would like to occasionally have a small guitarist play inside with no amplification, probably only once a month. Below is a small Bio of the wineries that will be coming in.

Rempfer Cellars, is a small boutique winery producing approximately 500 cases a year. Jeff produces wine from the Amador County, Napa County and Monterey County. Jeff Rempfer is a local firefighter for over 23 years and has been a resident of Folsom for 24 years. Jeff opened The Cellar Wine Bar on Sutter st. in 2008 and sold his business in 2014 when he started to produce wines. The Cellar Wine Bar is still operating to this day. Jeff is also an Historic District Commissioner for the past 3 years. He is very involved in his community and wants to enhance the Historic District by offering high end wines.

Fiddletown Cellars was started by Joe Shebl, who is the winemaker, in 2007. He has been in the winemaking business for over 20 years and graduated from UC Davis. His current full time position is the master wine maker for Renwood Winery in Plymouth Ca. He has also consulted for over 10 other local wineries. Fiddletown Cellars produces approximately 4500 cases per year and can be found from coast to coast. Joe travels the world judging wine competitions many times a year.

Borjon Winey is a small family owned winery in Plymouth Ca. They started over 30 years ago with a vineyard management company and grew to a large scale management company and winery. They produce over 8000 cases a year and are very active in the Plymouth community. They have two wine labels and the Los Portales label will be offered at wine at 815.
Our goal is to enhance the experience for the Folsom Historic District's local residents and many tourists that visit each and every day. They have already built bonds with the other local wineries and look forward to working with each and every business and citizen.

PROJECT PLANNER: Josh Kinkade, Assistant Planner

BACKGROUND
The Sacramento County Assessor’s records for the property located at 602 Figueroa Street
indicate that the lot was originally developed (by Reuben Clark) with a single-family, three-story,
Queen Ann style residential structure in 1889. The Burnham House was originally constructed
with three floors and a free roof form including many gables, chimneys, and a round tower
element. However, after the building was damaged by fire in 1975, the third floor of the building
was not rebuilt and a low-pitch roof covered by composition shingles was installed over the
second floor. Among the original features that have been preserved are the wrap-around porch
with rounded supports, bay windows along the first floor, pairs of double-hung windows on the
second floor, and decorative trim and carved wood details.

On November 5, 1998, the City Council approved a Historic Preservation Master Plan for the
City of Folsom. The purpose of the Master Plan is to preserve and promote the City’s rich,
colorful, and historic heritage by protecting its cultural and historical resources and educating the
citizenry and the general public of its past. On February 7, 2007, the Historic District
Commission determined that the subject property and structure (known as the Historic Burnham
Residence) located at 602 Figueroa Street was eligible for listing on the City of Folsom Cultural
Resource Inventory. On November 5, 2014, the Historic District Commission approved a Design
Review application for a 168-square-foot deck addition, and remodel of the main residence.
PROJECT DESCRIPTION
The applicant, Mark Roberts, is requesting Historic District Design Review approval for a 672-square-foot detached garage at ground level with a 600-square-foot game room and 72-square-foot balcony on the second floor at 602 Figueroa Street. The proposed building is 27 feet in height. The property currently contains a 2,503-square-foot two-story main residence (on the Historic District Cultural Resources Inventory) and an existing two-story detached second unit. The accessory structure is proposed to match the colors and materials of the main residence. Faux-carriage garage doors are proposed on the east elevation, facing Scott Street, and the balcony is proposed on the south elevation, facing the main residence. A staircase is also proposed on the west (interior yard) elevation to access the upstairs game room.

PROJECT ANALYSIS
The project, which is located within the Figueroa Subarea of the Historic Residential Primary Area, has a zoning designation of R-2 (Two Family Residence District) and is designated MLD (Multi-Family Low Density) in the General Plan. The proposed project is subject to the development standards established within the Folsom Municipal Code, Section 17.52.540, which establish requirements for lot size, lot width, lot coverage, setbacks, building height, pervious surface, and parking. The following table compares the proposed project to the development standards established by the Folsom Municipal Code for the Historic Residential Primary Area:

As shown in the table above, the proposed project meets all applicable development standards. However, it is important to note that the existing detached accessory structure is located directly on the side and rear property lines respectively. Since no modifications are proposed to the size or location of the accessory structure, and because the accessory structure was built prior to the adoption of the Folsom Municipal Code, staff has determined that the accessory structure is considered a legal, non-conforming building and may remain in place.
Architecture/Design
The project site is located within the Figueroa Subarea of the City of Folsom’s Historic District. The Figueroa Subarea is one of the four Subareas that comprise the Historic Residential Primary Area. Many of the oldest and most significant homes in Folsom, both architecturally and historically, are concentrated in the Subarea. Given that this Subarea is readily accessible by tourists, the intent of this Subarea is to maintain pre-1910 appearance standards and provide facilities which enhance visitor and resident appreciation of the City’s early residential life-style. Adherence to historic authenticity is of great importance in this Subarea.

As previously mentioned, in 2007 the Historic District Commission determined that the subject property and main residence at 602 Figueroa Street was eligible for listing on the City’s Cultural Resources Inventory. The Commission determined that the residence met two (Criteria 2 and 3) of the following four criteria for listing as established by the City’s Historic Preservation Master Plan.

1) Property is associated with events that have made a significant contribution to the broad patterns of our history.

2) Property is associated with the lives of persons significant in our past.

3) Property embodies distinctive characteristics of a type, period, region, construction method, or represents the work of a creative individual.

4) Property has yielded, or is likely to yield, information important in Folsom’s prehistory or history.

According to the City’s Cultural Resource Inventory Purpose and Procedures, listing on the City’s Cultural Resource Inventory does not grant any special privileges or impose any restrictions on private property rights. However, listing may assist the property owner in obtaining awards or financial benefits from outside agencies.

In reviewing the subject application, staff considered a number of factors including the project’s compatibility with the main residence and the project’s adherence to pre-1910 design and material standards. Per FMC 17.52.540 (A), attached garages are not permitted in the Figueroa subarea, so a detached garage is deemed appropriate for this property. The applicant is proposing Hardie board 8-inch horizontal siding, vertically-sliding windows, Hardie window trim, brick wainscoting on the base, Hardie shingle panel siding on the roof gables, an asphalt composition shingle roof, and ornamental guardrails on the deck. The DDGs state that accessory structures should be constructed of the same materials as the main structure. As proposed, all colors and materials for the accessory structure would match the existing main residence. Images of the main residence (and existing second unit) are shown in Attachment 3. As determined in the prior exterior remodel and porch approved for the main residence by the HDC in 2014, the colors are consistent with colors typically utilized on historic residential structures. The proposed faux-carriage garage doors meet the intent of the DDGs, which state that garage doors should be broken up into smaller components. The proposed deck and stairway both face the interior of the lot, and therefore do not pose any privacy concerns to adjacent properties. Based on the aforementioned
factors, staff has determined that the proposed project is consistent with the Historic District Design and Development Guidelines. As a result, staff is in support of the applicant’s request.

ENVIRONMENTAL REVIEW
The project is categorically exempt under Section 15303 (New Construction or Conversion of Small Structures) of the California Environmental Quality Act (CEQA).

STAFF RECOMMENDATION/HISTORIC DISTRICT COMMISSION ACTION
