Quarterly Financial Report

Third Quarter of FY 2015-2016

City of Folsom, California

INTRODUCTION

Section 5.05R of the Charter of the City of Folsom requires the City Manager submit to the City Council a financial and management report showing the relationship between budgeted and actual revenues, and expenditures and encumbrances on a quarterly basis.

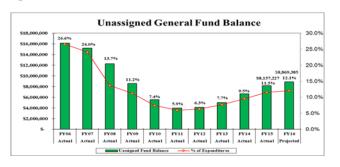

This Quarterly Financial Report is an analysis of the unaudited financial status of the City's major funds through the third quarter of Fiscal Year (FY) 2015-16, covering the period from July 2015 through March 2016. The report provides an analysis of each fund's revenues, expenditures and fund balance as compared to the FY 2015-16 Budget. Please refer to the Appendices for detailed schedules of the City's key funds for the period ending March 31, 2016. The document also includes an analysis of the revenue and expenditure activity for the City's:

- General Fund
- Special Revenue Funds Housing Fund, L&L Districts
- Enterprise Funds Water, Wastewater, Solid Waste, and Transit
- Risk Management, Compensated Leaves, Outstanding Debt, Capital Improvement Plan and Encumbrances

EXECUTIVE SUMMARY

Projected year-end General Fund revenues are \$74.23 million and projected expenditures are \$73.54 million. This results in an increase to fund balance of \$682,000 and a current projected year-end unassigned fund balance of \$8.87 million or 12.1% of expenditures.

Following is a chart of the fund balance over the last ten years which illustrates the decline from FY 2006 through FY 2011 and the upward movement since FY 2012. Fiscal Year 2016 is projected to continue this upward movement.

ECONOMIC UPDATE

California's economy state wide continues to grow at a steady pace. The California Economic Development Department (EDD) has the March 2016 unemployment rate for the State and County at 5.6% and 5.5% respectively. Folsom's unemployment rate was 3.6%. There are 34,500 people employed in Folsom as of March 2016. The number employed is an increase from March 2015 which was 33,400.

Building permit data for the third quarter had the total number of permits issued at 3,518 which was an increase of 18.4% when compared to the prior year. The average value per permit decreased when compared to the prior year, with a value per permit of \$28,340 in FY 2016 from \$30,776 in FY 2015. The number of single family home permits fell from 173 in FY 2015 to 59 in FY 2016. The decrease in the number of single family home permits may be due to the large number of permits that were issued in June 2015.

GENERAL FUND REVENUE (Appendices C & E)

The General Fund is the main operating fund of the City. For financial reporting, the following funds are presented on a combined basis: General Fund, CashBasis, Folsom History Interpretive Center, and Trail Grants.

Revenues are projected at \$74.23 million for FY 2016. This is an increase of \$1.59 million over the FY 2015 revenue amount and \$338,000 more than the FY 2016 budget amount. The increase is due to a projected increase in Developmental Fees and reimbursements for Fire and Police department employees deployed on strike teams to battle wildfires.

The following table shows a comparison of budgeted and forecasted revenues for FY 2016. A brief discussion of significant General Fund revenue sources follows.

- Property tax revenues are currently projected for FY 2016 at \$20.83 million which is the budgeted amount. This projection is \$661,000 (3.3%) higher than the amount of property tax received in FY 2015 (\$20.17 million). This is mainly due to the adjustment of Proposition 8 properties.
- Sales and Use Tax collections are currently projected for FY 2016 at \$20.48 million compared to \$19.39 million in the previous fiscal year. This is \$209,000 below the budgeted amount for FY 2016 and an increase of \$1.09 million (5.6%) from the FY 2015 amount.
- Transient Occupancy Tax (TOT) collections through the third quarter were \$1.42 million. The year-end estimate is \$1.75 million, which is \$100,000 above the budgeted amount, and an increase of \$148,000 (9.3%) when compared to the FY 2015 amount.
- Business Licenses and Building Permits through the third quarter were \$1.48 million. Compared to the prior year this is an increase of approximately \$86,000. Business Licenses through the third quarter increased by approximately \$67,000, while Building Permits increased by approximately \$19,000. The current year-end estimate is \$1.89 million which is \$50,000 more than the FY 2016 budgeted amount, and a decrease of \$92,000 (4.6%) when compared to the FY 2015 amount.

- Intergovernmental revenues through the third quarter were \$3.19 million. These revenues consist mainly of vehicle license in-lieu fees (VLF), which were budgeted at \$5.86 million. The projected year-end estimate for all intergovernmental revenues is \$6.59 million or \$304,000 below the budgeted amount. Compared to the prior year, this is an increase of approximately \$23,000 or .3%. The net increase is mainly due to a projected increase of \$269,000 in VLF over the prior year and is mostly offset by current year decreases in grant reimbursements.
- Charges for services received through the third quarter were \$8.09 million. Compared to the third quarter of FY 2015 this is a decrease of approximately \$253,000. The total current yearend estimate for charges for services is \$12.58 million which is \$1.37 million more than the budgeted amount. This increase is mainly due to a projected increase of \$801,000 in Developmental Fees and \$704,000 in Fire Department reimbursements from the Office of Emergency Services (OES) over the budgeted amount. Compared to FY 2015, total projected charges for services of \$12.58 million is \$449,000 (-3.45%) less than the prior year amount of \$13.03 million. The decrease from the prior year is mainly due to current year projected decreases in Public Works Fees (\$639,000). The Public Works reduction was a budgeted shift of Public Works administrative costs to the General Fund.
- Miscellaneous revenues were \$467,184 compared to \$346,244 in the prior year. The current year-end estimate is \$579,000 or \$175,000 less than the budgeted amount.

Compared to the prior year and excluding non-departmental and transfers out, expenditures increased approximately \$3.24 million or 7.1%. The increase in expenditures is mainly in salaries, benefits, services and supplies, and vehicle purchases.

The FY 2016 third quarter expenses, excluding depreciation, compared to the third quarter of FY 2015 show an increase of approximately \$3.38 million. This is due mainly to increased capital outlays for the Water Treatment Plant Mechanical Dewatering and Willow Hill Pipeline Rehabilitation Projects.

Below is a chart of the Operating and Capital Revenues and Expenses for FY 2011 through 2016.

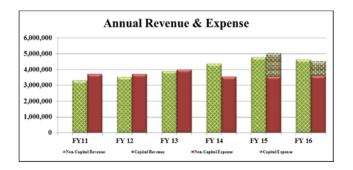

Transit Fund

As of the end of the third quarter, FY 2016 revenues totaled \$1.39 million (31% of budget) and are currently projected at \$4.62 million (104% of budget). Total expenses were \$3.26 million (73% of budget) and are projected at \$4.50 million (101% of budget). This would result in revenues exceeding expenses by \$119,000 at year end.

Risk Management

and vision insurance, workers' compensation, and liability insurance expense.

Reimbursements are the payments from all other funds as payment for the associated costs as well as the employee or retiree contributions to health insurance premiums.

As of March 31, 2016, the City has paid \$4.82 million for medical, vision, and dental premiums for active employees, \$2.60 million for retirees and \$1.49 million for workers' compensation premiums. Liability insurance payments were \$1.28 million. The total expenditures for FY 2016 are projected at \$15.20 million. Compared to last fiscal year this is an increase of \$1.14 million. This is due to increases in active employee and retiree health costs.

Active employees have contributed \$561,000 and retirees have contributed \$331,000 towards medical premiums through March 31, 2016. Departmental reimbursements to the Risk Management Fund through the third quarter totaled \$11.0 million compared to the prior year of \$10.3 million. The Risk Management Fund is projected to add to fund balance by approximately \$614,000.

Unrestricted net assets are projected to end the fiscal year at approximately 24.88 % of expenditures. The fund is currently at a level to stabilize the cost to the other funds.

Outstanding Debt

As of March 31, 2016, the City had approximately \$192.2 million of outstanding debt comprised as follows:

	FY16 Payment	Outstanding Debt	Responsible Fund
General Obligation Bonds	\$1.4 million	\$2.3 million	General
Revenue Bonds (FPFA)	8.0 million	96.5 million	Agency
Other Debt	1.5 million	4.6 million	General
Revenue Bonds	1.2 million	23.2 million	Water
Tax Allocation Bonds	1.5 million	59.1 million	RPTTF
Revenue Bonds (FRFA)	N/A	6.5 million	Agency (CFD 17)

General obligation debt is backed by the full faith and credit of the City and by general taxes. This debt (\$2.30 million) is paid directly by taxpayers as an item on their property tax bill.

Revenue bond debt is supported by a pledge of specific revenues. Approximately \$23.2 million of the City's

revenue bond debt is supported by the City's water utility. \$96.5 million is supported by the payments of local obligations owned by the Folsom Public Financing Authority. Another \$6.5 million is supported by the payments of local obligations owned by the Folsom Ranch Financing Authority ("FRFA"), due to the September 3rd issuance of \$6.5 million of CFD No. 17 local obligations. The local obligations, which were purchased by the FRFA, were issued to partially finance the Willow Hill Pipeline Project.

The Other Debt as listed above is a facility lease agreement for City Hall and the Central Business District Fire Station assigned to Bank of Nevada. Previously this debt was listed as Revenue Bonds – General with a portion also listed as COP's. The bulk of this debt matures by fiscal year 2018, with the remainder maturing in 2027.

Tax allocation bonds are issued in conjunction with redevelopment projects. The taxes pledged to their repayment came from the increase of assessed value over and above a pre-established base within a project area. With the dissolution of Redevelopment Agencies in 2011, the payment for these bonds comes from the Redevelopment Property Tax Trust Fund (RPTTF), administered by the State.

Encumbrances

section presents a summary of open encumbrances/purchase orders. Encumbrances are the recognition of commitments that will subsequently become expenditures when goods and services are received. An encumbrance does not represent an expenditure for the period, only a commitment to expend resources. California Government Code Section 16304 states that: "An appropriation shall be deemed to be encumbered at the time and to the extent that a valid obligation against the appropriation is created. Folsom Municipal Code Section 3.02.030 provides further clarification: "All appropriations, except for capital projects involving capital replacements and capital additions, shall lapse at the end of the fiscal year to the extent that such appropriation has not been expended or encumbered, except: (1) All capital project appropriations shall continue in force until expended, revised or repealed by action of the City Council; and (2) all capital project appropriations shall be deemed to be abandoned if three years pass without disbursement from or encumbrance against the appropriation."

The following table provides a summary listing of outstanding encumbrances by operating and capital project funds at March 31, 2016.
